GE Fanuc and Gexpro are hosting hand's-on workshops on PACSystems products across the country. For details and locations, please click [here](#).

Gexpro Automation Solutions

November 2008

Dear Wayne,

A well maintained plant is a reliable plant. Make sure you're covered!

- Is your programming software up-to-date?
- Do you have spare PLC parts and programming cables?
- Have you replaced your PLC batteries lately?
- Have you backed-up your PLC and Display programs?

Gexpro Automation Solutions is the source for the GE Fanuc parts and services you need to keep your facility running.

Give us a call today toll free at **877-521-5252**.

New - Weidmuller Electronic Circuit Protector

Know your target audience. Who are your most important customers, clients or prospects, and why? Know what is important to them and address their needs in your newsletter each month. Include a photo to make your newsletter even more appealing. Insert a "read on" link at the bottom of your article to drive traffic to your website. Links are tracked, allowing you to see which articles create the most interest for your readers.
